

SYSTEMS & SCALE

Care Technology Roadmap

A phased plan to connect your systems and stop running the group from spreadsheets.

IDEAL FOR

Care homes

Home care

Supported living

Domiciliary care

THE CHALLENGE

Multiple care systems were bought for frontline teams — but no one planned how information would flow to leadership. The result: coordinators re-key data, regional directors cannot compare sites, and every new home adds another reporting burden.

TYPICAL DURATION

4–6 weeks

OPERATIONAL AREAS COVERED

Care Technology Roadmap

WHAT YOU GET

- Current technology and integration assessment
- Target architecture for operational decision-making
- Phased roadmap with costs and dependencies
- Business case and benefits framework
- Change and training considerations

EXPECTED OUTCOMES

- Investment sequenced for maximum operational impact
- IT and ops aligned on a shared plan
- Avoids another disconnected system purchase

AT A GLANCE

Duration

4–6 weeks
