

OPERATIONAL VISIBILITY

Cold Chain Compliance Control

Track temperature excursions and compliance gaps in hours — not at audit time.

IDEAL FOR

Cold chain

Distribution

THE CHALLENGE

Temperature logs live in PDFs and sensor exports. When a retailer asks for chain-of-custody evidence, someone spends a day pulling files together — and still isn't confident nothing was missed.

TYPICAL DURATION

4–6 weeks

Cold Chain Compliance Control

WHAT YOU GET

- Compliance reporting layer: excursion events, duration, affected loads, root-cause tags
- Compliance scorecard by route, vehicle, depot, and customer
- Automated daily/weekly compliance summary for QA teams
- Integration design for telematics and temperature logger data
- Audit-ready export templates for retailer and BRC/SALSA evidence packs
- QA and transport team walkthrough

EXPECTED OUTCOMES

- Excursions visible within hours, not at audit time
- Reduced manual compliance reporting burden
- Faster root-cause analysis on temperature failures
- Retailer-ready evidence packs on demand

AT A GLANCE

Duration

4–6 weeks

Fixed-scope delivery

Defined outputs, documented handover, no open-ended day rates.

WHO THIS IS FOR

Cold chain operators serving food retail, pharma, or healthcare with strict temperature SLAs.

Ready to make better operational decisions?
